Foreword

Falcons, we have been for four short years, and now we stand, seventy-two strong, at the threshold of life's door. Looking back is fun. The memories of those four years are happy, alive, perhaps even sad. Looking ahead is a challenge. To meet it bravely, ever ready to fly to greater heights, has been our goal this past year as we prepared for our final leaving. In later years, while turning these pages, if you should recall the many smiles, sorrows, and dreams of '58, we shall be content, knowing that we, the FALCON staff, have done the thing we were called upon to do.

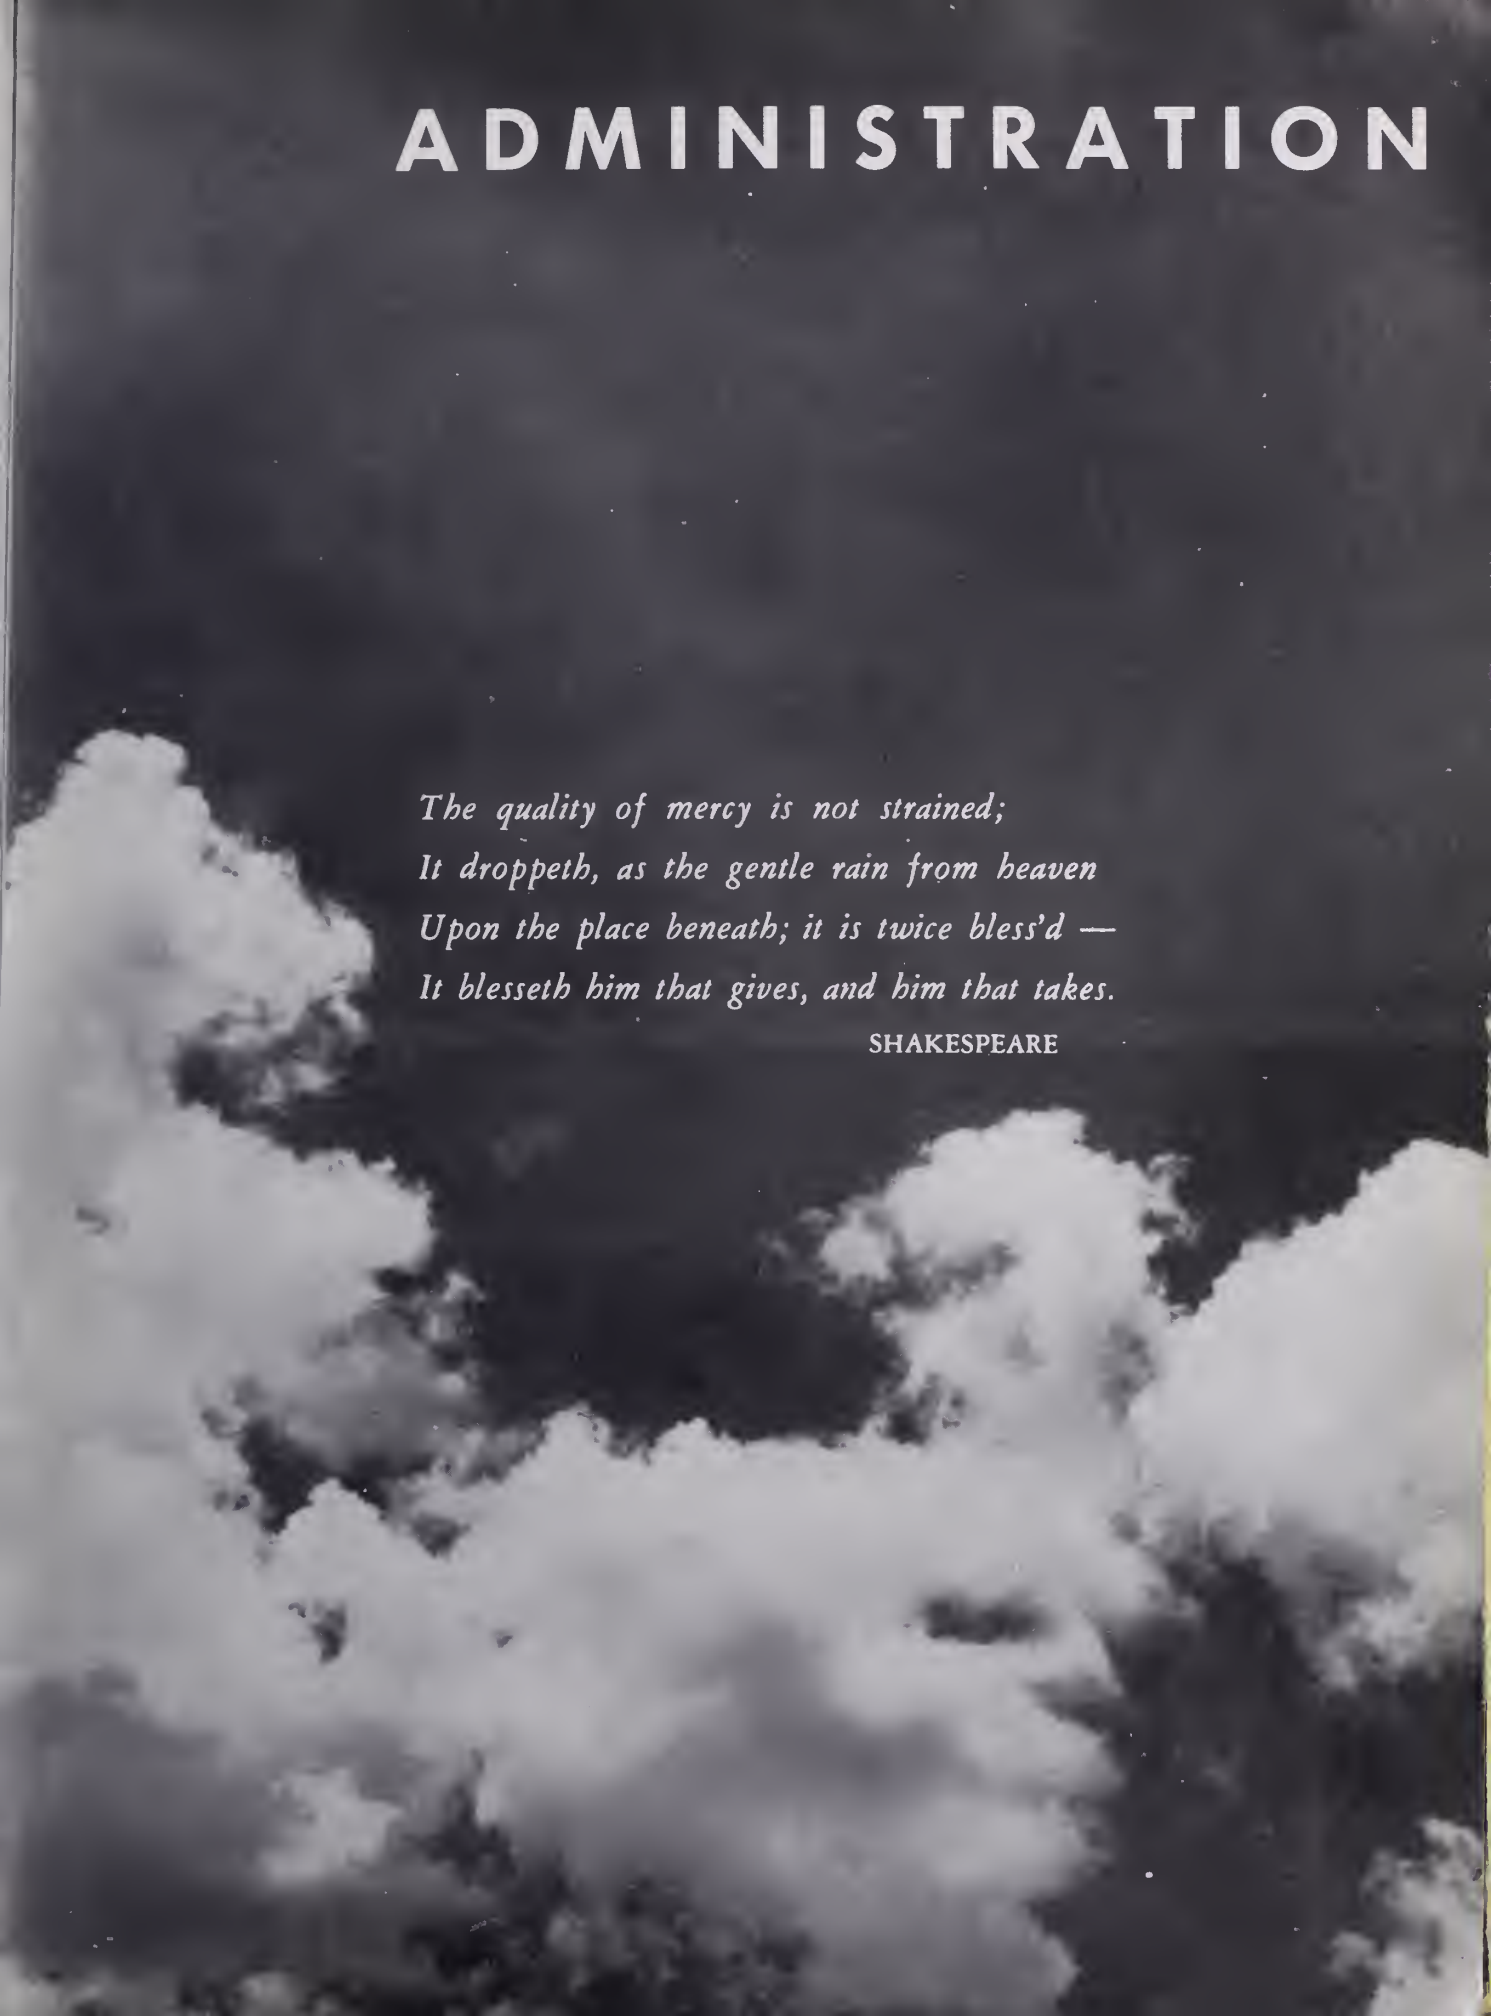
Dedication

To you, Mrs. Elizabeth Smith, because of your innumerable contributions, tangible and intangible, to the success of our Senior Class and because of your unlimited energy and interest which have been a challenge to us all through the year - we now dedicate this 1958 edition of the FALCON.

ADMINISTRATION



The quality of mercy is not strained;
It droppeth, as the gentle rain from heaven
Upon the place beneath; it is twice bless'd —
It blesseth him that gives, and him that takes.

Superintendent of Schools

Superintendent's Message

The members of the Senior Class, 1958, York High School, have demonstrated that they really know how to live. To this end I would urge each member to continue to improve his knowledge and ability, to develop his soul in greatness and to build up a personality that is brave, pure, true, beautiful, strong and god-like.

Remember, it is not what you may do in life, but how you do it. It is not what you may see, but how you react to what you observe. Money or the lack of it will affect your happiness but little, for you will get out of life just what you put into it.

Supervision and

York High Offers a Varied Curriculum With

Emphasis at York is placed primarily on education and growth through class participation. We try to maintain as high standards as possible, and we work hard for the best scholastic achievement. One of our seniors, Sandra Bailey, was a finalist in the S. Q. T. given to high ranking seniors throughout the entire country.

The four top honor students make plans for commencement.

Training for a business career.

Participating in All-State Band.

Developing our scientific interest.

Our curriculum is varied and attempts to meet the needs and interests of all the students, preparing them for whatever position in life they are best suited.

Activities to Meet the Needs of All the Students

Every student in York has an opportunity to plan for the future through our Education and Career days each year. Representatives from colleges and many local firms come on these days to confer with us. We attend the conference we think will help us most.

Though we are busy with our studies, we enjoy taking part in projects to beautify our school as shown by the combined efforts of everyone in planting shrubbery and in the creative contributions of the art students displayed in the halls.

Senior Class Prophecy

One morning I decided that I would go down town to do some shopping. As I was walking down the street I saw a large sign which read "The Great Soothsayer." Well, I was very much in need of a fortune teller as I had lost my diamond ring the day before, and I thought maybe he could tell me where it was.

I went up to the door and walked in. I found myself in a very large, kind of weird room. All sorts of oriental trinkets were hanging from the walls. As I was standing there looking at everything I suddenly felt a cold clammy hand on my shoulder. I jumped, yelled, and turned around. I found myself face to face with a tall, thin man. He had on a costume that I had always imagined fortune tellers would wear. He had a thin veil across his face. I then proceeded to explain to him that I wanted to know my fortune and especially where my ring was. He said that he would be glad to help me, but first he would have to trace my past and the people I had known before he could look into the future.

He then told me to sit down and relax completely. I sat opposite him at a great round table. He got his crystal ball and began to speak, "Ah, yes" he said, "I see by my crystal ball that you are from what used to be known as Yorktown, Virginia, but is now the state of Yorktown. "Now," he said, "I'll go back a ways, and see about your background and friends. I see by my magic ball that quite a few of your friends are now married, Mary Ammons now has six little girls, and Nancy Rowe has her own baseball team composed of nine boys. I see that Betty Wood has married a millionaire. There are Carol Tomlinson, Lillie Dryden and Diana Sullivan at the bank cashing their husbands' checks.

Elizabeth Cunningham and Elaine Smeds have certainly made the grade. Elizabeth is a famous writer known for her book, GONE WITH THE MILK WAGON. Elaine is a famous chemist. Phyllis Shelton has certainly settled down. She says all she wants to do is stay home and take care of Roane, Jr.

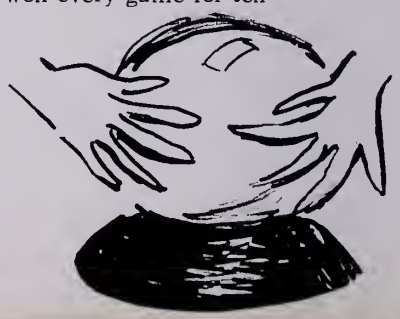
I see, also, a lot of your friends are in the government now. Shirley Lindsay is Treasurer of the United States. Virginia Brandt has two jobs. She is the Secretary to the President and she also has to chauffeur her husband around as he loses his license so often. Beverly Head is now ambassador to Italy. Catherine Hogge has collected money on bottles so long that she finally bought her own company, so she could deposit bottles at any time. Joan Wilson is President of her company.

Some of the kids have gone into business together. Gene Keckler and Elbert Walker have opened a restaurant called the "Flea and Frenchie." Barbara Teagle is now owner of Montgomery Ward's and Nancy Ironmonger is her secretary. Eugene Moore and Gene Tweedie have bought a service station and are doing quite well. Jean Tate and Jane Tate have opened an art gallery in London. Bill Smith and Josephine Paulette have gone into the same types of occupations. They are both race car drivers. Both have won many ribbons. Nell Powell bought her own hospital so her bills would not be so high. Shirley Cooper is her head nurse. Charles Criswell and T. J. Hardie bought a garage together, they fix cars for drag stripping.

Well, by this time it was 5:30 p.m. and I had to get home to fix dinner for my husband and two children. So, I made an appointment for ten the next day.

The next morning I could hardly get through with my work fast enough. I got in my car and raced downtown to the fortune teller.

He began where he had left off. "Your Senior Class of 1958 was certainly an athletic group," he said. "I see that quite a few of them have gone into sports and are very well known. One in particular, Emily Riggins, is the only female football player in the world, she got her start in the Powder Puff Ball in high school. Dorothy Camden and Virginia Johnson are now famous basketball players. Danny Judson Moore is a famous football player for the Redskins. He has been married five times and is now going with his sixth fiancee. Henry Bateman is Danny's manager, waterboy, and babysitter. Dicky Bryant is now better known as "Coach Bryant of William and Mary." His team has won every game for ten years. Dennis Lindsay is a pitcher for the Dodgers.



Some graduates just couldn't bear the thought of leaving York High School, so they decided to teach there. Marion Smith is the first teacher of German that York has had. Peggy Wood is now Mr. Gillis' secretary as Mrs. Barnes has retired. Gracie Gillikin is an English teacher. Judy Llewelyn is the Home Ec teacher. Rose Richardson is a professor at William and Mary. Sandra Bailey is Dramatics teacher at York High. Lois Beechman took Mrs. Hansford's place as government teacher. Carolyn Good followed in her father's footsteps and is now a missionary.

Some of your old friends went into unusual vocations. Raymond Wilson was Queen of the Powder Puff Ball and is now a contestant for Mr. America. Joan Baker is just a traveler. She has traveled around the world eight times with her husband. Florence Egnatowski owns her own dress shop in Williamsburg. Bernice Wilburn got a job on television; she sings on VOICE OF BLOODSTONE. Betty Gayle Shields is the wife of an admiral in the navy and is very well liked by the other navy wives. Jeannine Chandler models lipstick for a famous magazine. Sylvia Guilliams is world known for her wonderful milk shakes. Sandra Sulik is a portrait model for Mem LeMay. Ann Fleming is a model on television. Joan Stockton is a lawyer and is well known for the way she writes her last wills and testaments. Arlene Hicks is married and working her husband through college. Garnett Basta is now on television on the Jackie Gleason Show. Connie Brown is a famous commercial artist. Richard Hogge is a great sports writer and is very well known for the sports pictures he takes. Don Neal got first place in the Olympics for track. Robert Knox is an admiral in the navy. Leonard Minor is now a farmer and has 4000 acres. Norman Rush was so exhausted after he graduated that he is still at home resting up. Curtis Cook is a taster of "crusty" pies. Randy Begley is now in Hollywood under the name of "Clark Stewart." Raymond Sparrer is now married to Hicks and is the father of six. Marshall Forrest is a well known professor of Math. John Zsoldos has invented his own car called the "Medsel." Barton Savage is Judge Hogge's assistant at the courthouse. Lee Goddin is a salesman for Avon Products. Thomas Barclay has taken over his brother's store, BARCLAY and BROTHERS.

"An now," he said, "I must say Olivia Belvin certainly didn't turn out as well as I thought she would. She healed nicely from the Powder Puff Ballgame, but all she did was to get married and raise a family. Well, this made me so mad that I reached across the table and slapped the fortune teller as hard as I could. When I did his veil slipped off and lo and behold there was GEORGE TEAGLE!! I said, "Well no wonder you knew so much about our old classmates." "Yes," he said, "I have kept up with them all these years." Well, we got to talking about old times and then we went to lunch. After lunch I went home and it wasn't until I got home that I realized he never had told me where my diamond ring was!!!

On November 13, the senior girls challenged the junior girls to a Powder Puff ballgame. The girls donned football uniforms and all necessary regalia to make a good showing. Dr. Henry Bateman was there with his stretcher and equipment when senior class president Olivia Belvin was faking an injury. The game ended in a tie.

Student Co-operative Association

RICHARD BRYANT
President

The Student Cooperative Association is composed of the whole student body of York High School and is led by officers and representatives elected by them. This year the S.C.A. sponsored a magazine campaign to raise money for shrubbery for the school grounds, a Thanksgiving food drive, a Christmas Dance, the school handbook, an inter-club council, juke box, and worked on preparing an activities program for next year. All assemblies, as well as Career and Education Days are planned by S.C.A. Committees.

Our president, Dicky Bryant, said, "I have greatly enjoyed serving as student body president. I wish to thank the members of the S.C.A. council for their support and enthusiasm in all our projects. I, also would like to thank the faculty for their guidance and patience in our behalf. Our projects have been many and successfully carried out, due to the cooperation of everyone. Throughout the year we have tried to maintain the high standards of York High and if possible, to set them higher."

The Falcon Staff

Under the capable leadership of our editor, Elizabeth Cunningham, our sponsor, Mrs. Frances Burruss, and our advisor, Mrs. Elizabeth Smith, we struggled and finally produced a record of happenings at York for the year of 1958.

Our first job was selling ads. Next came the scheduling of pictures, and later we started working on the "heart" of the annual. One big job was writing copy. This took a lot of time, thought, chewed pencils, and often frayed nerves.

A familiar scene during third or sixth period this year has been in Room 102 where Betsy, Phyllis, and Connie puzzled over the problem of layout or expense account, as shown here.

We have all worked hard on this 1958 edition of the FALCON. We hope you like it.

Fresh, Hot Copies!

February 26, 1956, the Thomas Nelson Chapter of the National Beta Club was formed at York High School to cultivate the ideals of service and proper leadership in the citizens of tomorrow. Our current sponsors are Mrs. Thelma Hansford, Mrs. Janie Gillis, and Mr. T. H. Gillis. The qualifications for membership are high scholastic ability, good character, and leadership.

The activities for the year were: holding a Get-together Dance and Faculty Tea, providing food for the football players after the Homecoming game, sponsoring half-time ceremonies for Homecoming, putting on a Christmas Banquet, sponsoring the YORK YELL and the lyrics contest for our Alma Mater, attending the National Beta Club Convention, and sponsoring May Day.

Caught red handed!

The newspaper staff edits the "York Yell," a school publication consisting of school news, features, sports, book reviews, and highlights of various activities around York. Our sponsors are Miss Robinette and Mrs. Diehl. They have been a great help to us in improving our paper this year.

Few know the headaches, backaches, and even heartaches which the "York Yell" staff undergoes. We write to please the majority, gathering and sifting much material, listening to complaints of the students and heeding the experienced criticisms of the teachers. We've worked hard and hope you are pleased with our efforts.

Something new is always interesting, and the 1957-58 Distributive Education class is no exception. The club helps us to help ourselves toward a better future by preparing us for citizenship and responsibility. We are very proud of our representation at the District convention this year. Our one-year-old club brought back two first place winners and two second place winners, thus giving us two contestants and one delegate to the state convention in Richmond. Betty Gayle Shields won first place in Richmond and entered the nation wide contest in Columbus, Ohio.

Since York High is primarily a rural school the students are transported entirely by buses. In addition to the six students shown above, the following women of the community drive buses. Mrs. DeRussia, Mrs. Dunstan, Mrs. Jordan, Mrs. Barefield, Mrs. Hogge.

The safety patrol is formed each year at York to work with the bus drivers and to assist them in transporting students safely to and from school. The safety patrol is often called the peace makers. At the end of the year special attention is given patrol members at assembly. In October of this school year the patrol put on an assembly program encouraging better behavior on the buses. The Captain of the safety patrol is Shirley Lindsay and the Lieutenants are Olivia Belvin and Peggy Perkins. Mr. Robert Anderson is sponsor.

Practice started this year in the last part of August, with 68 boys out to try to make the team. When we played our first game with Gloucester, we had a lot of followers. Our team was one of the powerhouses of Group II and we were flying high until the flu bug hit us. We lost one game and tied another. Finally, when we got back on our feet, we did win the last game, but as a result, none of our players made the all-peninsula group one team. This year we had five seniors on the team. We are looking forward to a very successful season next year.

Best of luck to you in the future. We have been very nice to have you as a teacher and maybe you'll be able to come back next year. We always love you. "Jakie"

Varsity Cheerleaders

The Cheerleaders of 1958 deserve a lot of credit for the part they played in promoting school spirit and cheering our teams on to victory. It's been a busy year for them. They had to organize a completely new squad in getting ready to cheer by the first game and sponsoring the annual Football Dance. Congratulations on a job well done!

Boys' Varsity Basketball

The Falcons started off the year rather slowly, but improved as the season wore on. We won four conference games which entitled us to an opportunity to play in the tournament. There were no all-season captains, but the team elected a new captain for each game. York made a fine showing in spite of practically an all-new team. We look forward to a great basketball season next year.

Falconettes Maintain Good Spirit

The York Falconettes began their 1957-58 season with a practically all-new team. Under the leadership of Coach Sarah Green, the team spent many hours practicing and learning plays. Although the girls were handicapped from lack of experience, they worked hard all season, showing fine sportsmanship in each game. With each game the team gained more experience and picked up new tactics and ideas that will benefit them next year.

The team consisted of a large number of Freshman and Sophomore girls which look like good prospects for the coming years at York. With the knowledge they have now and the experience they picked up this season they will have a hard time being defeated. The Falconettes will lose five of their players after graduation. They are Co-Captain Virginia Johnson, Co-Captain Dorothy Camden, Phyllis Shelton, Betty Wood, and Arlene Hicks.

The Falconettes lost several of their games by only a few points and they ended the season by winning the last game with Chuckatuck, a much deserved victory for the girls and their coach. Congratulations to both!

In Appreciation

With our school year swiftly drawing to a close, I wish to pause and thank those who worked with me on the annual - members of the staff, Mrs. Burruss, and Mrs. Smith. Your patience and cooperation in all tasks, small or great, have been very inspiring.

Now to you, the members of the student body, we present the 1958 FALCON. In one sense it is already yours, for you made it. We preserved it through word and picture. That you enjoy this book and its captured memories is our most sincere wish.
